

David Chen

NLP Engineer | AI Researcher | david.chen@example.com

SKILLS

Python, NLP, Transformers, Hugging Face, spaCy, NLTK, PyTorch, BERT, Deep Learning, REST API, Git

EXPERIENCE

NLP Engineer Intern - Text AI Labs (2023 - Present)

- Fine-tuned Hugging Face Transformers (BERT, RoBERTa) for sentiment analysis and text classification.
- Built custom Named Entity Recognition (NER) pipelines using spaCy and Python.
- Processed large text datasets with NLTK and tokenization libraries.

EDUCATION

M.S. in Computational Linguistics | Tech University
